# CASHMERE EXTRA LACE

CASHMERE EXTRA LACE is an exquisite pure cashmere yarn with a wonderfully soft, luxurious feel, ideal for combining with other yarns. It works beautifully with other yarns and is a high-quality alternative to classic mohair/silk blends. It can, of course, also be knitted solo into pieces such as delicate lace shawls and filigree-fine accessories. The yarn has a seductive lightness and is the perfect choice to add a touch of luxury to your knitting projects.

# COTTON TWEED

Tweed for summer!  
COTTON TWEED combines a  
buttery-soft handle with a  
rustic look, making it ideal for  
summer knitting projects.  
The yarn consists of two  
strands twisted together:  
a single-coloured  
base strand  
and a strand with  
colourful silk tweed nepps.  
This combination gives  
the yarn a strikingly lively  
texture.

## DUETT

DUETT is a chainette yarn composed of pure cotton, with a distinctive colour effect. The strand comprises two differently coloured sides, so that one colour will dominate as you knit and then the other. This gives the finished piece an animated, varied surface without the need for any complex patterning technique.

Whether you use stocking stitch, garter stitch or textured patterns, the effect of DUETT unfolds all by itself, making every project unique.

# PIUMA

PIUMA means feather in Italian,  
and that is exactly how this yarn  
feels to the touch.

A strong nylon core gives stability,  
while a fluffy coat of dyed  
merino wool and white cotton  
creates a subtle mélange effect.

When knitted, it is reminiscent of cuddly  
teddy fabric, making it ideal for warm  
cardigans, sweaters or accessories with  
volume and a soft texture. Especially good:  
the purl side reminds us of bouclé, thus  
opening up even more creative possibilities.

The tweed effect of Super Soxx Tweed 6-ply adds visual interest as you knit and gives the finished socks a rustic look, without the rustic feel. Our 6-ply sock yarns combine South American Corriedale fibres with nylon for added durability.

Thicker than classic 4-ply sock yarn, they knit up more quickly and are ideal for warm, long-lasting favourite socks.

# TWIN SOXX MERINO 4PLY

LANG  
Y A R N S

Our classic TWIN SOXX now comes with a merino base – for all who appreciate even more softness. Perfect for sensitive feet or for anyone who finds the Corriedale fibres of the original a little too rustic. Strengthened with durable nylon fibres, the merino wool makes them comfortable to wear whilst also ensuring longevity.

The « twin socks» with two identical colour repeats in one ball. Begin the first sock with the yarn from the inside of the ball. After about 200m you will find a piece of unprinted yarn. Cut this away. After that, the same colour repeat begins again for the second sock .
