## VENETIAN DREAMS

With WOOLADDICTS 16 we invite you to slow down and enjoy the art of making, inspired by the beautiful city on the lagoon. The designs capture different moods, from the calm flow of water to the savoring of colors and textures, from moments of quiet wonder to the gentle rhythm of a leisurely walk.

With every stitch, you're not just creating garments and accessories but shaping experiences that mirror life's pleasures. Some pieces surprise with playful detail, others delight with elegant simplicity and all of them designed to move with you through your days.

Taken together, the collection is a journey in yarn, to be discovered, enjoyed, and savored stitch by stitch.

Happy making!
