TABLE OF CONTENTS

Bazzill Paper is synonymous with premium cardstock. Bazzill was launched in 1999 when a local scrapbook store began producing its own colored cardstock.

The original Monochromatic cardstock line began with just 40 colors and quickly revolutionized an entire industry. Today, Bazzill is recognized as the industry standard and the quality choice for crafters all over the world.

The Bazzill product line includes additional cardstock textures, colors, and even smooth styles and specialty papers. Customers can count on Bazzill to provide an unbelievable selection of styles developed with the crafter in mind.
