EC-Norm for the safeguarding of toys

Dear customers,

The legislator stipulates that toys must comply with an EC standard and be marked with the „CE“ symbol.

Our items are mainly handicraft materials, i.e. starting materials. Thus, they are not subject to labelling and therefore do not have to comply with the strict regulations that apply to toys (e.g. danger from swallowing small parts such as wooden beads etc.). Please make parents and teachers aware of this issue.

Products that have not been tested and labelled, or products made from them, should generally be kept out of the hands of toddlers under 36 months. Children under age 14 should do handicrafts under adult supervision, by taking the general safety precautions (when it comes to knife, fork, scissors, light ...).

We wish all users many enjoyable hours of crafting and a lot of joy with the things they have made.

All items with a yellow mark are **novelties**.

Fluorescent spray "Glow in the dark"

- The fluorescent spray stores daylight and releases it slowly in the dark
- Afterglow duration is several hours, depending on irradiation intensity and layer thickness of the paint
- Maximum luminous flux fades slowly

Tips for the application:

- Apply several thin layers, at a distance of approx. 25 cm
- For white and transparent surfaces
- Apply the Clear varnish to improve the weather resistance (only weather-resistant to a limited extension)

ENVIRONMENTALLY FRIENDLY PRODUCTION

FSC®

The paper used for the Rayher catalogue is produced in compliance with the international FSC standard. The pulp is partly manufactured from certified, exemplary cultivated forests. Careful forestry practice also ensures, among other things, that biological diversity and ecological processes are not disturbed when wood products are removed from the forest.

CO₂- Compensation

Producing the Rayher catalogue all CO₂ emissions produced in the course of printing and processing are determined. By making an equal investment in a climate project according to the Gold Standard, the corresponding CO₂ emissions will be saved in the future and the Rayher catalogue will be CO₂ compensated this way.

Please note that in a few cases, some colours shown in our catalogue may differ from the original ones due to printing reasons.
